a. If yes, has the trial been registered with ClinicalTrials.gov?

Yes No

2. Will there be any clinical professional or technical charges (e.g., for drugs, medical devices, laboratory or radiology tests, physician services, or medical procedures) during the course of this study that generate a CPT or CDM code at an Emory or Grady healthcare facility (regardless of funding source or if the charges might be considered 'standard of care') that may be billed to study accounts or third party payors such as Medicare, Medicaid, or health insurance companies? (This determines if the study must be routed for billing analysis.)

Yes No

3. * Is this an expanded access submission for an unapproved drug or device?
